

ACADEMY OF SURFING INSTRUCTORS

setting the world standard in surfing and paddling education

Who We Are

- ASI is an adventure sports membership body providing internationally recognised accreditation and training services to adventure schools, clubs and instructors around the world
- Our current disciplines cover surfing, stand up paddle and bodyboarding.
- Our member services include accreditation, training, educational resources, technical support and advocacy.

ASI Accreditation

ASI accreditation sets the world standard. It is the mark of high professional competence recognised and sought after by employers and the general public.

"ASI standards have set a new benchmark for the industry and across the world."

Cheyne Horan, Surf School Owner, World Surfing Champion & Big Wave Rider

ASI Advantages

- Employers, instructors and the general public around the world value ASI's internationally consistent accreditation standards
- ASI is innovative, meeting the evolving needs of the industry with regular upgrades to ASI accreditation standards and training solutions
- ASI works with government agencies and industry bodies to ensure industry educational standards are constantly improved
- ASI is a Registered Training Organisation with education department endorsement to provide specific vocational education and training programs suitable for primary, secondary and tertiary school students.
